

Is It Love

(Lyrics by Christof Maaß/Uwe Gall)

I'm confused, feelin' so unsure
don't know what to feel inside
everything was clear, we both were just friends
but now I'm not sure if this is right
'cause all the time there's a question inside
that I just can't hide

and now I know that it's really love

Chorus:

Is it love, what I'm feeling inside
Is it love, that I just can't hide
but I know I'm ok
'cause I'm still on my way
to find out if it's really love

I'm afraid of losing a friend
but maybe I'll get more
is it right to risk everything we had
but these feelings I can't ignore
so I had to decide what I should do
I had to ask myself

Chorus: Is it love.....

I'm drowning in thoughts my mind's turning around
don't know what's right what is wrong
but the more I think the more is clearer now
I know that you are the one
I know I have to go on

Chorus:

Yes it's love, what I'm feeling inside
yes it's love, that I just can't hide
but I know it's ok
'cause I'm still on my way
