

Listen To Your Heart

(Lyrics by Ron Reid Gardner)

When I was young my daddy gave me
a set of rules to live my life
and even though daddy's not with us anymore
anytime I close my eyes
I can hear him say

Chorus:

Girl listen to your heart
in everything you do
you know those gut feelings you get
they usually turn out true
and when you face somebody
always look 'em in the eye
and try to do things 'cause they're right
and not for foolish pride
to yourself always be true
then you'll know I'm proud of you

And maybe someday when I'm older
and I have children of my own
when they come to me and ask me for advice
I'll think about my daddy's words
And this is what I'll say

Chorus:

Just listen to your heart...

Chorus:

Girl listen to your heart...
