

I've Gotta Ride

(Lyrics by Ron Reid Gardner)

Chorus:

I've gotta ride - wanna feel the wind in my hair
I've gotta ride - my cycle takes me everywhere
I've gotta ride - nothing else makes me feel so free
I've gotta ride - ride - ride

I'm the kind of girl that needs a little action
and motorcycles are a major attraction
there's somethin' sexy 'bout a guy on a real hot
bike

Ever since I got a ride of my own now
all my friends say I'm never at home now
They'd all be riding if they knew what it was like

When life just brings me down
no matter what I try
I leave it all behind when I begin to fly

Chorus:

I've gotta ride - It gets into your blood
I've gotta ride - It's a feeling I really love
I've gotta ride - It's something I just can't hide
I've gotta ride - ride - ride

I love the feeling of power and traction
when I'm cruising it creates a reaction
maybe something's sexy 'bout a girl on a real hot
bike

What a feeling to be flying down the highway
and when I'm riding I can do things my way
Just having full control is what I really like

I crank the throttle and she really starts to scream
Hey catch me if you can and you'll see what I mean

Chorus:

I've gotta ride - wanna feel the wind in my hair
I've gotta ride - my cycle takes me everywhere
I've gotta ride - nothing else makes me feel so free
I've gotta ride - ride - ride

I've gotta ride - It gets into your blood
I've gotta ride - It's a feeling I really love
I've gotta ride - It's something I just can't hide
I've gotta ride - ride - ride

Ride - total control - gets into your blood
Ride - makes me fly
Ride - ride - ride

I crank the throttle and she really starts to scream
Hey catch me if you can and you'll see what I mean

Chorus:

I've gotta ride - wanna feel the wind in my hair
I've gotta ride - my cycle takes me everywhere
I've gotta ride - nothing else makes me feel so free
I've gotta ride - ride - ride

I've gotta ride - It gets into your blood
I've gotta ride - It's a feeling I really love
I've gotta ride - It's something I just can't hide
I've gotta ride - ride - ride
I've gotta ride - ride - ride
I've gotta ride - ride - ride
I've gotta ride
